

A WISFUL DISPLAY

A daytime view of the ever-growing holiday lighting display outside the Petrowski family home is the latest in what's become an annual tradition, started by resident/display designer Joe Petrowski (Guilford High School 2008). Over the years, Petrowski has collected thousands of dollars for local charities, thanks to donations left by appreciative viewers. This year's display will benefit the Make a Wish Foundation. The public is invited to drive by any night (beginning at 5:30 p.m.) now through Jan. 11 to view the display at 163 Valley Shores Drive.
