THE POWER OF LOVE

Light Show Fundraiser

A Valentine's Day light show, choreographed with music transmitted to vehicle FM radios, will continue to glow nightly outside GHS senior Joe Petrowski's home through Feb. 23. Petrowski sets up his computer-programmed holiday light shows to raise money for different charitable causes. His Christmas light show, to benefit St. Jude's Children's Hospital, generated nearly \$3,000 in individual contributions and a \$10,000 grant from a local endowment organization. This time, Petrowski hopes to raise money to assist Guilford resident and GHS student Laura Kennel, 17. Kennel is currently undergoing treatment for a rare form of bone cancer. Donations can be left in the collection box at the light show, 163 Valley Shores Drive.
